CREATIVE CONVERSION

DON'T BE HEART BROKEN, THIS IS JUST A NEW CONCEPT. DIVISIBILE IS AN ECO SUSTAINABLE OUTERWEAR BRAND THAT USES RECYCLED PLASTIC TO PRODUCE THIS JACKET, INSIDE AND OUTSIDE. YOU'LL BE SAFE FROM COLD WEATHER AS WELL AS RAINY DAYS.

BRAND PHILOSOPHY

Divisibile is the new concept in outwear, which lends itself to a new generation of self expression.

With Divisibile, the freedom to choose is endless, every garment is made up of two halves, and every half is reversible. Creativity and identity are the key to making every jacket your own.

This is how the brand came to be social. You can share your mood by changing up your colors, and even collect different halves and share them with a buddy!

Although the concept is about the freedom of choice, the brand's focus is also on a global message. By using recycled plastic to create every garment inside and outside, Divisibile is considered an eco sustainable brand promoting minimal unisex style with no impact on the environment.

FILOSOFIA DEL BRAND

Divisibile stravolge il modo di pensare outwear, si rivolge ad una generazione che vuole esprimere se stessa a gran voce e mostrare di sé ogni sfumatura.

Con Divisibile la libertà di espressione è massima, ogni capo è letteralmente composto da due metà ed ogni metà è reversibile; creatività ed identità sono la chiave per personalizzare ogni capo.

Nasce così un marchio di giubbotteria "social"; si "condivide" il proprio stato/umore combinando il proprio giubbotto, lo si "aggiorna" collezionando tutte le metà che ci piacciono e le si scambiano con gli amici!

Un accento importante viene posto sull'argomento dell'ecosostenibilità, Divisibile abbina uno stile minimal unisex a tessuti ed imbottitura completamente ricavati dal riciclo di bottiglie di plastica, 100% ecologici.
